

JDRF IMPROVING
LIVES.
CURING
TYPE 1
DIABETES.

To find a cure for
diabetes and its
complications
through the support
of research.

Each year,
more than
15,000 children
are diagnosed
with type 1
diabetes in the
U.S..

The rate of
type 1 diabetes
incidence in
children under
the age of 14
is estimated to
increase by 3%
annually
worldwide.

We're relying on JDRF and the research it
funds to ensure that millions of children and
adults like us can lead healthier lives without
the risk of deadly complications that
accompany life with type 1 diabetes.
